No handwritten applications will be accepted.

DEADLINE FOR SUBMISSIONS: May 15, 2025

Funds awarded August/September

THE AWARD

Polish American Engineers Association of Florida Inc.'s mission is to help students pursue their education within the **STEM – science, technology, engineering and math** by awarding financial aid to deserving university students. (1). PAEA supports American students of Polish descent for undergraduate and graduate level studies at colleges and universities with a special consideration given to students from our local community attending Florida universities. Scholarships are awarded on a competitive basis for one academic year. Funding is for full-time studies. **Selected applicants are awarded financial assistance scholarships which are disbursed to the student's university account.** Scholarship funds can only be used to pay for tuition, fees, books, supplies or equipment required for courses at the educational institution. (see IRS guidelines)

The principal source of our scholarship fund, in addition to member dues, originates from fundraising events and donations and there is no guarantee that funds will be available in the future.

(1) Students with majors other than STEM are encouraged to apply for scholarship consideration at the American Institute of Polish Culture in Tampa Bay, Inc at aipctampabay.org

SELECTION CRITERIA

Scholarships are awarded on a competitive basis. Candidates will be evaluated by the Selection Committee on the following criteria:

- Academic Performance, Achievements, Motivation and Leadership
- Letters of Recommendation
- Essay Response
- Work experience or involvement in community and other extracurricular activities
- Applicant's interests in Polish heritage and culture.
- Financial need is taken into consideration.
- Special credit will be given to those who submit a short article about importance of Polish Culture and Traditions. The selected article will be considered for publication and distribution.

ELIGIBILITY

- Scholarships are awarded on a merit basis to full time undergraduate students or graduate students who are American citizens, permanent residents, or have a legal status in the US.
- Student must currently be enrolled in a 4-year College/University, graduate school, or Technical School.
- Students must have a minimum of a 3.25 grade point average.

- *Continued on page 2.*
- Students who are re-applying for scholarship funding are considered together with new applicants and will be competing for scholarship funding against a new pool of candidates. Students who are reapplying must update all items. Applicants may re-apply for funding; however, scholarship renewals are not guaranteed.
- Only one member per immediate family may receive a tuition scholarship during a given academic year.

Applicants must submit each of the following:

- **Completed application form.**
- **Official transcript** ending with last completed semester from current institution which should be submitted directly to PAEA either by mail or emailed to <mailto:polishamericanengineers@gmail.com>
- **250-500-word essay** on why you are the best candidate for this scholarship?
 - Highlights of your academic achievements
 - Your community/volunteer work history
 - Any other factors you would like us to consider
 - Recent photo suitable for media/press releases.
 - One (1) letter of reference from your teacher/professor, guidance counselor or academic advisor which should be submitted directly to PAEA either by mail or emailed to polishamericanengineers@gmail.com
 - Optional: 250-500-word essay “Contributions of Poles to the development of any field associated with STEM. (subject to review, may qualify for our publication)
